

LA ^{AVE} **Armor**®

RESIDENTIAL and COMMERCIAL FLOATING DOCKS • PWC SYSTEMS • ACCESSORIES

MAKING LIFE EASIER ON THE WATER IS WHAT WAVE ARMOR® IS ALL ABOUT!

Our mission is to be the brand of choice for lake home owners and marinas alike by providing products that are not only supremely functional, but also aesthetically pleasing to help enhance the precious time we spend on or around the water.

Wave Armor® owner and inventor Rick Johanneck stated his goal from day one was “to fully utilize our decades of experience to develop a product line that is not only innovative, durable and functional, but also showcases a superior design element”. That design element is now setting the new standard in the floating dock and port industry. Lets face it, most floating dock systems on the market today are at best functional and utilitarian. Wave Armor® has incorporated a flagstone paver style textured finish to all of the Wave Dock™ and Wave Port™ systems and utilizes our patented H-Beam Connection system which secures sections together underneath the decks for a more dynamic and clean flowing topside surface.

Modularity is critical and the Wave Armor® Docks and Wave Ports™ can be assembled into an infinite number of layouts to meet the exact configuration desired. To top it off, Wave Armor® has a full line of accessories that incorporate beautifully within the design of your dock layout giving the overall dock system a fully integrated finished look and feel.

New

#301093 DOCK BENCH BOX

Rear storage box attaches to the back of the 4 Ft. and 5 Ft. Dock Bench allowing storage of PFD's and other gear.

See Page 18 for more info.

New

#301096 LOWER DECK SECTION

Connects to Wave Dock. Ideal for lounging at water level and provides an additional point of entry or exit.

See Page 19 for more info.

New

#301034 42-QUART COOLER

Roto-molded, pressure injected polyethylene insulated cooler. True 42 quart capacity.

See Page 33 for more info.

New

DOCK WEDGE SECTION

Connects to Wave Dock. 30 degree Dock Wedge Sections allow finger piers / boat slips to fan out from the Dock Sections providing easier entry and a narrower footprint.

#301090 DOCK WEDGE SECTION (60")

#301091 DOCK WEDGE SECTION (40")

See Page 12 for more info.

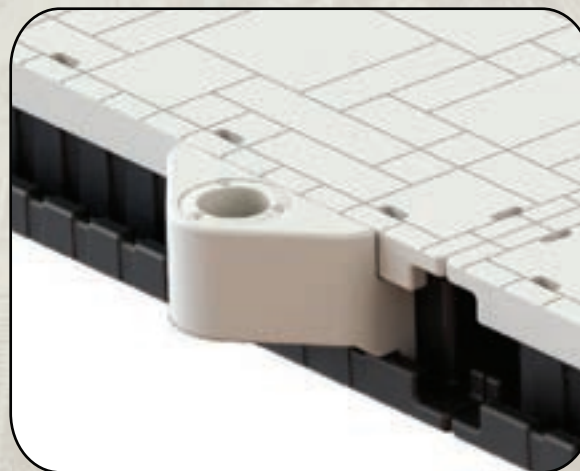

New

#301095 KAYAK LAUNCH

Connects to Wave Dock. Articulating rail system that provides stability when launching or exiting kayaks and canoes.

See Page 21 for more info.

New

HEAVY-DUTY POST ATTACHMENT KIT

Connects to Wave Dock. Heavy-Duty Post Attachment Kit designed for rough water and commercial applications.

#301094 FITS 5-INCH PIPE

#301097 FITS 4-INCH PIPE

See Page 17 for more info.

New

#301092 5-FT DOCK BENCH

Roto-molded 5-Foot Dock Bench. Maintenance-free and weatherproof. Designed specifically to mount directly to the Wave Dock System.

See Page 32 for more info.

New

#301103 SMALL VERTICAL BUMPER

Vertical Bumpers secure directly into the Wave Dock H-Beam Channels. Protects your water craft while entering or exiting your Wave Dock.

See Page 24 for more info.

New

BOAT FENDERS

Designed specifically for larger boats. Provides superior protection against dock damage.

- #300986 10-INCH FENDER - WHITE
- #300987 10-INCH FENDER - BEIGE
- #300984 8-INCH FENDER - WHITE
- #300985 8-INCH FENDER - BEIGE

See Page 33 for more info.

WAVE PORT SLX10

This 10-Foot Wide Boat Port features a modular design allowing you to expand Boat Port length infinitely.

Self-leveling, fully distributes vessel weight over full span providing exceptional lift and buoyancy (up to 6,000 Lbs with no air assistance).

#301099 SLX10 - 3 PIECE ASSEMBLY

#301098 SLX10 - 2 PIECE ASSEMBLY

See Pages 4-5 for more info.

New

WAVE PORT SLX10 (10-Foot Wide Boat Port)

New

The advantages of the new SLX10 Boat Port by Wave Armor are in the details. Our modular design is recommended for boats that are 22 Feet in length or longer. This self-leveling floating boat port fully distributes vessel weight over full span providing exceptional lift and buoyancy (up to 6,000 Lbs with no air assistance). The modular design allows you to expand boat port length infinitely for longer vessels. This Boat Port features Adjustable Bunks to match any keel design (keeping the vessel square on the port) and Heavy-Duty Keel Rollers that make boarding and off-boarding simple and smooth. If you're looking for a no-hassle premium floating Boat Port, check out the SLX10.

#300954 WAVE PORT SLX5

#300998 SLX PORT-to-WAVE DOCK ATTACHMENT KIT (See Page 8)

WAVE PORT SLX5 (5-Foot Wide PWC Port)

ITEM #:	DESCRIPTION:	DIMENSIONS:	WEIGHT:	WEIGHT CAP:
#300954	Wave Port SLX5	58" Wide x 153" Long	286 Lbs	1500 Lbs

Wave Port SLX5 is designed to allow two Ports side by side, fitting perfectly into a 10-Foot Slip.

Mounting Pockets
In All Corners

WAVE PORT SLX6 (6-Foot Wide PWC Port)

ITEM #:	DESCRIPTION:	DIMENSIONS:	WEIGHT:	WEIGHT CAP:
#300957	Wave Port SLX6	72" Wide x 153" Long	321 Lbs	2000 Lbs

Wave Port SLX6 is designed with an extra six inches on each side of the platform, creating standing room while mounting / dismounting your PWC; it also allows a safe walking platform to and from the Port to your Dock.

SLX5 and SLX6 - ATTACHMENT KITS

Attachment Kits for your Wave Port SLX5 and SLX6.

Allows you to connect your SLX Port to another SLX Port, to Wave Dock, to other floating dock brands or to utilize as a stand alone system.

#300998 SLX PORT-to-WAVE DOCK ATTACHMENT KIT

Connects SLX Ports directly to the H-Beam Channels of the Wave Dock System.

Kit includes: Two Attachments

SLX PORT-to-FLOATING DOCK ATTACHMENT KIT

Our proprietary Wave Port SLX floating pin connection system easily locks into a pair of sturdy galvanized and powder-coated steel C-Channels that are mounted to most floating docks.

Kit includes: Two Attachments.

#301308 19 3/4" CHANNEL LENGTH

#301309 25 3/4" CHANNEL LENGTH

(#301309 is Recommended for docks that have a higher freeboard)

SLX PORT-to-FIXED DOCK ATTACHMENT KIT (Z-BRACKETS)

SHOWN RIGHT: Secures the Wave Port SLX to a fixed dock or sea wall utilizing galvanized and powder-coated steel Z-Brackets and U-Bolts. Pipes required for installation (not included).

Kit includes: Two Z-Brackets and hardware.

#301281 FITS TWO-INCH PIPES

#301282 FITS FOUR-INCH PIPES

#300046 SLX PORT-to-SLX PORT ATTACHMENT KIT

SHOWN RIGHT: Connects a pair or multiple SLX Ports together utilizing our innovative poly connecting pin system. Pins are placed into the adjacent mounting pockets of your SLX Ports.

Kit includes: Two Attachments.

SLX POST EXTENSION ATTACHMENT KIT

Mounts directly inside the mounting pockets of the SLX, increasing the distance between two posts, allowing more room for larger sized PWC's.

Kit includes: Two Attachments.

#300095 FITS TWO-INCH PIPES

#300096 FITS FOUR-INCH PIPES

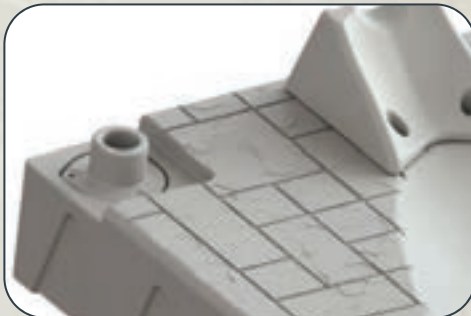

WAVE PORT SLX - ACCESSORIES

Accessories to fit your Wave Port SLX5 and SLX6.

#300116 SNAP-IN CAP

The optional Snap-In Cap is available to cover unused mounting pockets on your Wave Port SLX, creating a flush surface to walk on and a clean, finished look! Includes: 2 Snap-In Caps

#300103 TWO-INCH PIPE SLEEVES (RAISED)

Fits inside the mounting pockets of your SLX Port. Raised design increases friction on post mount applications improving the overall stability of the Wave Port SLX. Includes: 2 Sleeves

#301011 THREE-INCH PIPE SLEEVES

#300041 FOUR-INCH PIPE SLEEVES

Optional Oversized Adapter Plugs fit inside the Wave Port SLX mounting pockets, allowing the SLX to easily slide-up & down dock posts in varying water levels. Includes: 2 Sleeves

#300960 WHEEL FRICTION KIT

Additional wear disks and rubber washers can easily be installed on any wheel axle when a diminished amount of free roll is desired. Includes components to complete 4 wheel assemblies.

Note: Wheel, Axle & Washers not included.

#300456 WHEEL KIT

Features additional wheels for your SLX Ports. Includes: 2 Wheels, 2 Axles & 4 Washers

#300115 SLX SIDE EXTENSION

Increases the overall width of your Wave Port SLX by 22 inches. Can attach to either side of an SLX Port, utilizing the #300046 SLX Port-to-Port Attachment Kit.

#300498 SLX BUOYANCY BOOSTER

Kit includes 2 custom drums that install in the rear mounting pockets of your Wave Port SLX.

Adds additional flotation to the rear of the Port, thus decreasing the rearward pitch for heavier models of PWC's.

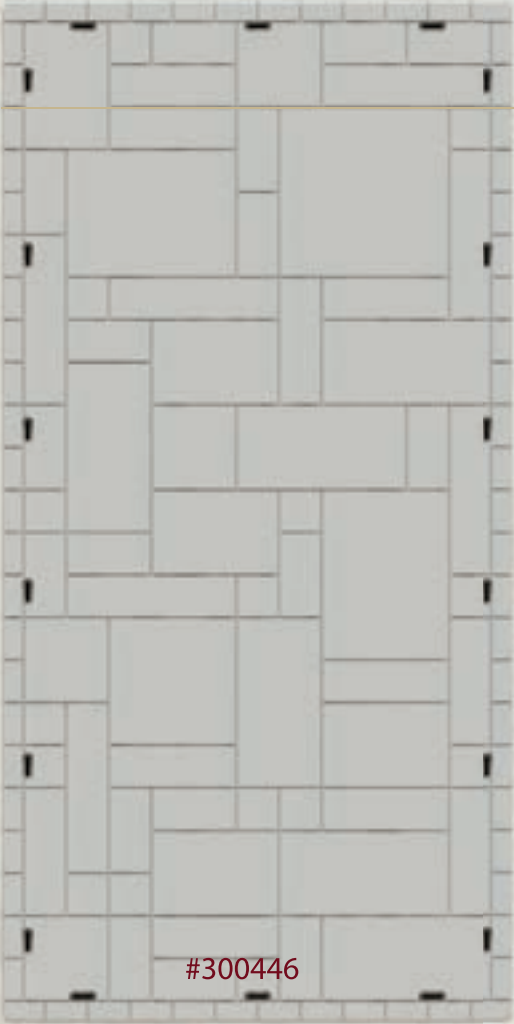

WAVE DOCK SYSTEM

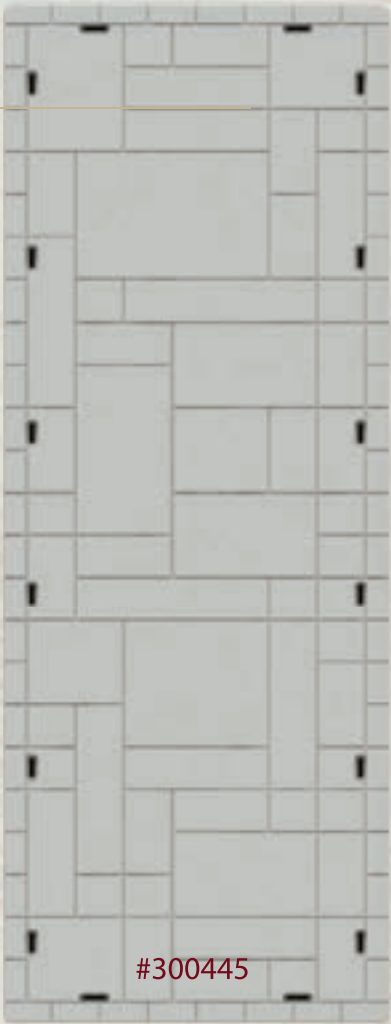

AVAILABLE DOCK SECTIONS:

ITEM #:	DESCRIPTION:	LOAD CAP:	WEIGHT:	DIMENSIONS:

WAVE DOCK ACCESSORIES (Pages 16-24)

All accessories feature our "Pebble Beach" color designed to match your Wave Dock System.

#300051 CORNER DECK SECTION (30")

Creates a sleek look while adding to the walkable surface area of your Wave Dock System.

Spans 30" across the inside corners of two Wave Dock Sections, utilizing the molded-In H-Beam Channels. Weatherproof polyethylene.

New

#301096 LOWER DECK SECTION

Connects to Wave Dock System utilizing the molded-in H-Beam Channels.

Ideal for lounging at water level and provides an additional point of entry or exit. Weatherproof polyethylene. Max Capacity: 600 Lbs. Dimensions: 60" L x 28" W

DOCK RAMP

This tapered and hinged ramp kit spans from the end of your dock and creates a flush walking surface from your beach or shoreline to the dock. Available in 2 lengths. Weatherproof polyethylene.

#300055 DOCK RAMP (7-FT. LONG)

#300962 DOCK RAMP (10-FT. LONG)

WAVE DOCK ACCESSORIES (Pages 16-24)

All accessories feature our “Pebble Beach” color designed to match your Wave Dock System.

#300081 FOLDING DOCK LADDER

Integrates perfectly with the H-Beam Channels on the Wave Dock System. Ladder can be placed on either side or end of the section. Folds up and out of the water when not in use.

Bottom section of ladder floats; for submerged application simply drill holes along inner frame of the bottom step. Weatherproof polyethylene.

#300019 LOCKABLE DOCK BOX

The perfect solution for waterfront storage by attaching to your Wave Dock System, or placing on a patio, lawn or any outdoor location. Weatherproof polyethylene.

Dimensions: 31 1/4" L x 13 3/4" W x 15" H

#301246 KAYAK ASSIST

New

Articulating rail system that provides stability when launching or exiting kayaks and canoes. Launch mounts directly to the Wave Dock System utilizing the Lower Step Down (sold separately)

Kit Includes: 1 Aluminum Rail and 1 Poly Float.

#300107 WAVE DOCK KAYAK RACK

A sturdy and stylish way to store your kayaks near the water where you use them! Weatherproof polyethylene.

Attaches to the Wave Dock System utilizing the H-Beam Channel. Stores two kayaks and features molded-in bungee hook receivers.

**#300470 10-INCH COMMERCIAL DECK CLEAT**

Tie it on with our Commercial Deck Cleats. Cleats mount directly into integrated attachment slots on the top deck of all Wave Dock Sections.

**#301106 HD 8-INCH NYLON DECK CLEAT**

Our Nylon Deck Cleat sustains up to 2,000 + Lbs of pressure.

**#300062 DECORATIVE SIDE PANEL (60")**

Panel slides directly into the H-Beam Channel on your Wave Dock Section. Creates a flush surface and an overall "finished" look to your Wave Dock.

**PYLON HOOP ATTACHMENT KIT**

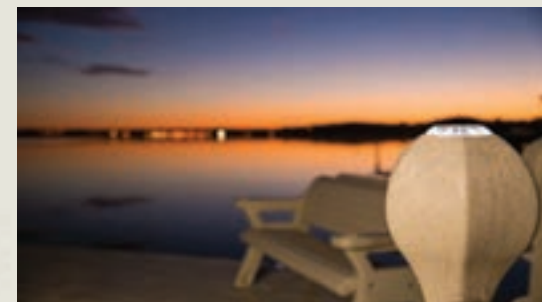

Attaches the Wave Dock to a 10" Pylon. Secures the Wave Dock in rough waters.

#300991 4-INCH PYLON KIT**#300106 10-INCH PYLON KIT**

New

ACCESSORIES AVAILABLE
(See Page 28)**

WAVE RAFT ACCESSORIES

Accessories to fit your Wave Armor or other brand of Swim Raft

#300050 OTTER ISLAND PROTECTIVE COVER

600 Denier, UV and water-resistant polyester cover with double polyurethane coating. Fitted Cover features adjustable buckle clips in all corners. Protects your Wave Island and ladder during storage in the off season. Cover Dimensions: 8' W x 10' L.. Available Color: Tan.

#300945 ALUMINUM LADDER PINS

Replacement pins for Wave Armor's Otter Island aluminum ladder, or other brand of aluminum ladder.

#300474 DOUBLE ANCHOR CLEVIS KIT

This anchor clevis kit attaches at four points on the underside of your raft providing two attachments for an anchor chain or rope. Kit includes: 4 Clevises, 2 Chains and 2 Bungees.

#300003 RAFT ANCHOR

A safe, do-it-yourself option to the typical store-bought anchor. 100% roto-molded high-density polyethylene. Simply fill with sand and you've created a 140 LB raft anchor. Features underside claws to grab the lake bottom surface and a rounded topside with no sharp edges. Available Color: Yellow

We recommend 2 Raft Anchors for rougher waters

#300110 OTTER ISLAND SEAT CUSHIONS (Qty. 2)

(Below). Padded seat cushions fit over the Wave Island backrests and provide an ultra-comfortable seating surface for those lazy days on the lake. Made of durable quick-dry fabric and foam. Available Color: Tan

#300119 OTTER ISLAND UMBRELLA

Patio style retractable umbrella fits inside the Wave Island table mounting hole.

WAVE KAYAK ACCESSORIES

Accessories to fit your Wave Armor or other brand of Kayak or Canoe

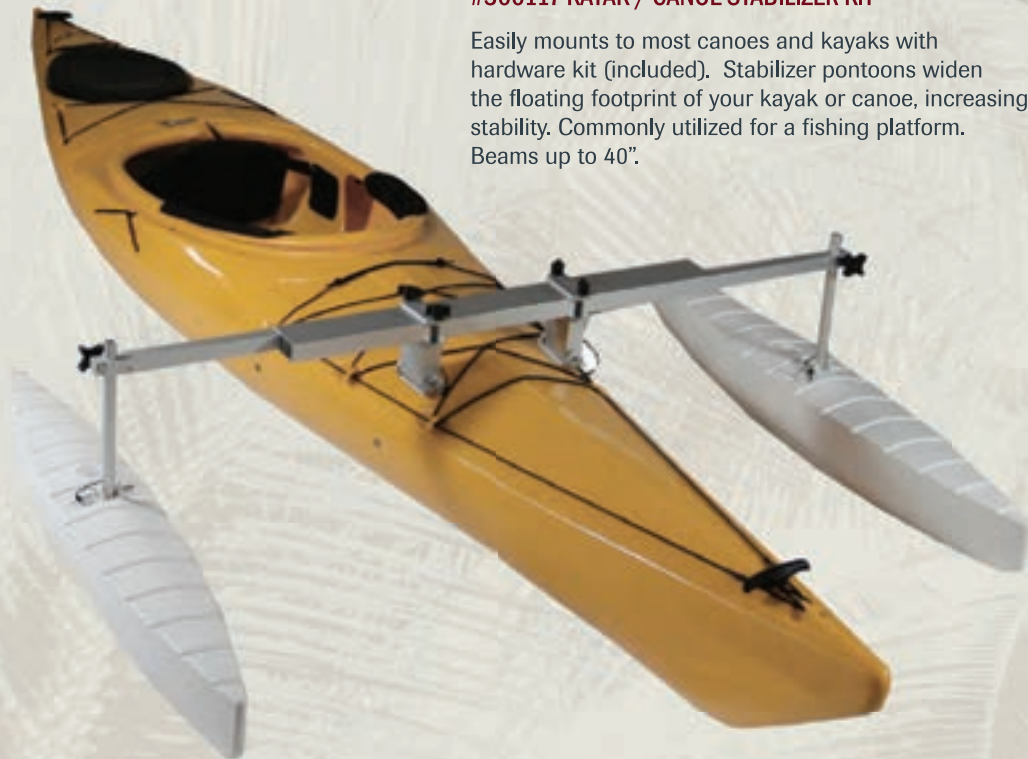

#300089 7-FT. KAYAK PADDLE

Two piece design easily breaks down for easy storage and transport.

#300117 KAYAK / CANOE STABILIZER KIT

Easily mounts to most canoes and kayaks with hardware kit (included). Stabilizer pontoons widen the floating footprint of your kayak or canoe, increasing stability. Commonly utilized for a fishing platform. Beams up to 40".

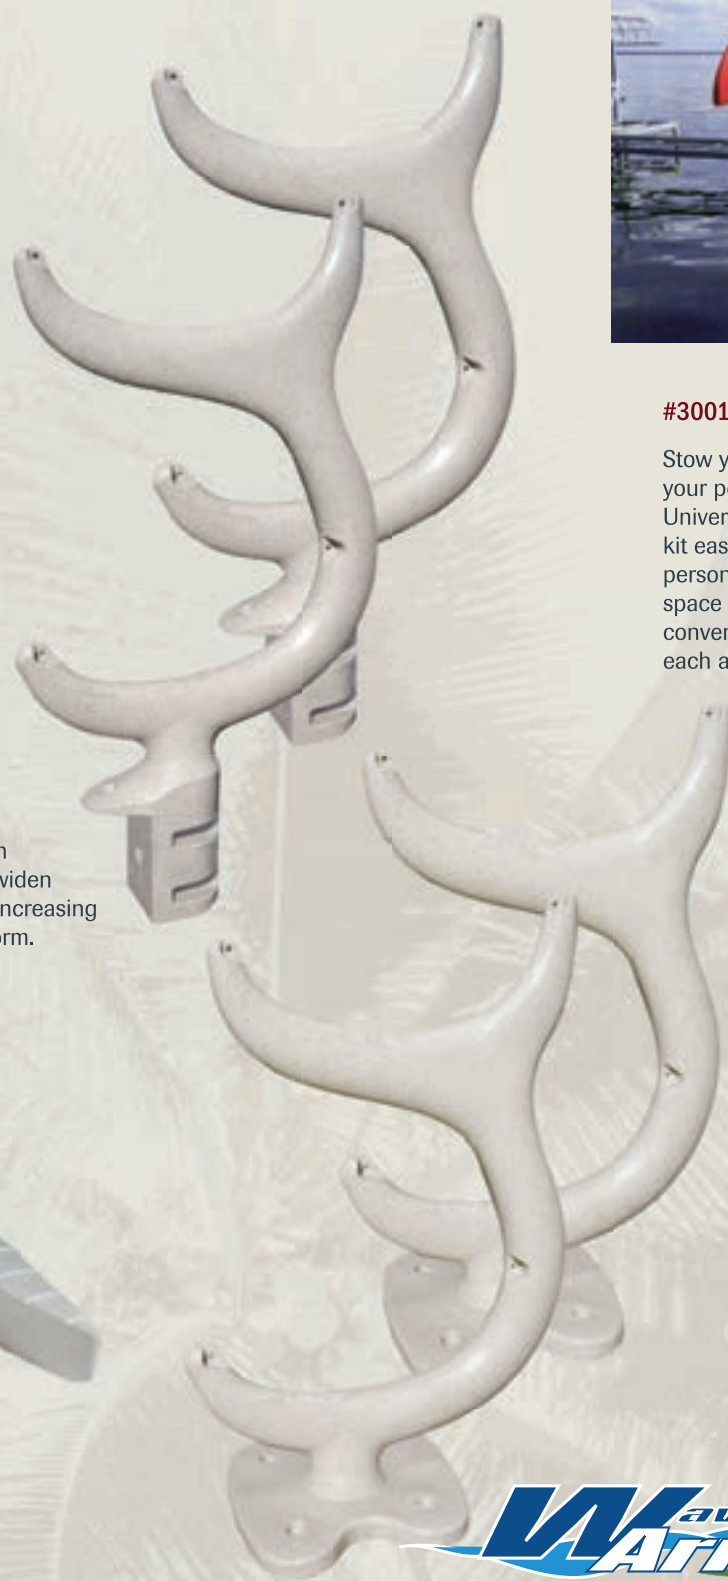

#300109 UNIVERSAL DOCK KAYAK RACK

Stow your kayaks and canoes along side your personal dock or pier with our Universal Dock Kayak Rack. This 2-piece kit easily fastens to the outside of your personal dock or pier. Saves precious space and offers the utmost in storage convenience. Molded-in eye loops on each arm allow for easy tie-down.

#300108 BEACH KAYAK RACK

Stow your kayaks and canoes off the sandy beach with our Beach Kayak Rack. Easily mounts on shore to any base board or treated lumber. Convenient, sand-free storage!
